- LIGHT ODOR•

## TP-25PALS

Tom-Pac P.A.L. (Penetrating, Anti-Rust, Lubricating) is a high-performance aerosol engineered to tackle tough maintenance jobs. Its powerful formula penetrates deep into small crevices to loosen rust, free stuck parts, and provide long-lasting lubrication. At the same time, it creates a protective barrier against moisture and corrosion, keeping metal surfaces clean, smooth, and protected. Ideal for use on machinery, bolts, nuts, screw threads and equipment, Tom-Pac P.A.L. is your all-in-one solution for penetrating, anti-rust, and lubricating performance.

Notice: All statements in this brochure are based on general service experience. Because of the wide variety of applications and wide range of equipment conditions encountered, together with the unpredictable human factors involved in the installation of this product by the ultimate user, TOM-PAC Inc. makes no warranties expressed or implied, that the product described is guaranteed for any length of time, for any measure of service, or for any specific purpose.
